Question: I cannot cancel my portability

Answer: To cancel your portability request, you will find "a cancel button" in the order tracking on your dashboard.

Important: you can cancel your portability request within 24 hours of signing the portability mandate. Beyond 24 hours, you will no longer be able to cancel your request.

Question: My portability is still not effective

Answer: The portability period of your number to win is 1 working day.

You can follow the progress of your request on your dashboard. You will also receive email and push app notifications to track the evolution of your portability
